October 1 to December 31, 2023

## Market Recap

The November bond market rally (the strongest since 1985) continued in December, driving the 12-month Treasury-bill yield to its lowest Where easing the November, the rally primarily resulted from an intangible shift in investor sentiment, December gains were fueled by encouraging progress on in ation and a growing sense that the Fed had not only completed its tightening campaign but would soon. begin to cut rates

There were plenty of economy releases to sift through in December, and although most of
